Teaching and Examination Regulations

Master’s Degree Programmes in:

Accounting and Control
Business Administration
Econometrics and Operations Research
Economics
Finance
Marketing
Spatial, Transport and Environmental Economics

Premaster’s Programmes in:

Business Administration
Entrepreneurship
Finance
Marketing

Academic year 2018-2019

A. Faculty section
B1. Programme specific section - general provisions
B2. Programme specific section – content of programme
Introduction to the Teaching and Examination Regulations format (OER) for Master’s degree programmes

General information
Since the introduction of the Dutch Higher Education and Research Act (Wet op het Hoger Onderwijs en Wetenschappelijk Onderzoek, WHW) in 1993, it has been compulsory for institutions to record the broad outlines of the teaching programme and examination methods for each study programme in the Teaching and Examination Regulations (Section 7.13, paragraph 1, of the WHW). Section 7.13, paragraph 2, of the WHW lists the applicable procedures that must, as a minimum, be regulated in the Teaching and Examination Regulations. The WHW also includes a number of separate obligations relating to the inclusion of regulations in the Teaching and Examination Regulations.

Components of Teaching and Examination Regulations format
These Teaching and Examination Regulations consist of a part A, part B1 and part B2. Part A is the faculty section of the document that contains provisions that apply to all of a faculty’s study programmes. The training-specific provisions have been included in both B sections and have been divided as follows:
• Part B1: programme specific section – general provisions
• Part B2: programme specific section – content of programme

It was decided to split this information into these two sections in support of the participation procedure. This is due to the fact that Programme Committees (OLC’s) are fully responsible for participation as described under part B2; the Faculty Joint Assembly (FGV) has no involvement. The FGV has right of approval with regard to the Sections in parts A and B1, and the OLC’s have the right to prior consultation (advice). VU-wide policy does not require participation on a faculty level; participation has already been guaranteed in the development and decision-making parts of the process of establishing the policy concerned.

Although the various parts go together and form the Teaching and Examination Regulations of a degree programme or group of programmes, they can be amended separately. The Faculty Board ultimately determines the content of all Sections of the Teaching and Examination Regulations for the faculty degree programmes.

Type of stipulations (Sections) included
• Sections based on Higher Education and Research Act Section 7.13 - or other Sections of the Act - that must be included in the Teaching and Examination Regulations. Per Section, if applicable, an indication has been given regarding which subject of Section 7.13, paragraph 2, is referred to and whether or not participation applies and if so, under whose authority.
• This is in regard to Sections based on Section 7.13 of the Higher Education and Research Act - or other Sections of the Act - that must be included in the Teaching and Examination Regulations but that have already been laid down in VU-wide policy. If applicable, participation has already been organized by the university’s central participation body. The Faculty Board is not at liberty to depart from these procedures. The same holds for the OLC and the FGV.
Appendix 2 refers to the existing VU policy (or guidelines for the Faculty Board, from Section 9.5 of the Higher Education and Research Act). If a Faculty Board wishes to depart from existing VU policy, then a written request must be submitted to the Executive Board.
• Sections (or parts thereof) that do not apply to all programmes must be indicated using square brackets: [Optional: ].
• The other Sections include topics for which compulsory inclusion in the Teaching and Examination Regulations has not been stipulated and that also have not been adopted as guidelines. These may concern subjects that are regulated in the Higher Education and Research Act, but for which no explicit
reference has been made that stipulates compulsory inclusion in the Teaching and Examination Regulations. These are Sections which have been included because they are intended to provide clear and complete information or because of a VU or UvA regulation which stipulates compulsory inclusion. It is recommended that these Sections be included in the Teaching and Examination Regulations in accordance with the format. This means that a large part of the text from part A can be copied in its entirety for inclusion in the creation of the faculty part A.

If necessary, additional Sections can be added in part B to reflect aspects specific to a particular degree programme.

Depending on participation rights, additional Sections may be included in parts B1 and B2. Any additional Sections should, wherever possible, be placed at the end of the chapter and given a higher number. If a Section is placed between existing Sections, then this should be given an interim number by adding a letter to the number (for example, Section 1.1a). This method promotes transparency and improves quality assurance if a specific subject is regulated under the same Section number in every Teaching and Examination Regulations.

If you have any doubts about participation rights, please contact BJZ (Administrative and Legal Affairs).

Scope of application of these regulations

These regulations apply to the programmes, courses and examinations of the Master’s degree programmes of the relevant faculty of the Vrije Universiteit Amsterdam. These regulations may also apply to the joint programmes and educational components, as referred to in Section 7.3c of the WHW, which are provided in entirely or in part by the faculty.

The faculty carries out the publication of the Teaching and Examination Regulations and inclusion in the study guide on the VU website.

Section A: Faculty section

1. General provisions

Article 1.1 Applicability of the Regulations

1. These Regulations apply to anyone enrolled for the programme, irrespective of the academic year in which the student was first enrolled for the programme.

2. These Regulations enter into force with effect from 1 September 2018

3. An amendment to the Teaching and Examination Regulations is only permitted to concern an academic year already in progress if this does not demonstrably damage the interests of students.

Article 1.2 Definitions

The following definitions are used in these Regulations:

a. EC (European Credit) an EC credit with a workload of 28 hours of study;
b. final examination: the final examination of the Master’s programme;
c. semester: the first (September - January) or second half (February - August) of an academic year;
d. joint degree: a degree awarded by an institution together with one or more institutions in the Netherlands or abroad, after the student has completed a study programme (a degree programme, a major or a specific curriculum within a degree programme) for which the collaborating institutions are jointly responsible;
e. educational component: a unit of study of the programme within the meaning of the WHW, also referred to as 'component';
f. period: a part of a semester;
g. practical exercise: a component specifically aimed at acquiring certain (academic) skills or training. Practical exercises that are part of a component are not practical exercises in the sense described here, but have the status of a constituent exam. Examples of practical exercises include:
   - writing a thesis
   - carrying out a research assignment
   - taking part in fieldwork or an excursion
   - conducting a literature review
   - taking part in another educational learning activity aimed at acquiring specific skills or
   - participating in and completing an internship;
h. programme: the totality and cohesion of the components, teaching activities/methods, contact hours, testing and examination methods and recommended literature;
i. thesis: a component comprising research into the literature and/or contributing to scientific research, always resulting in a written report;
j. SAP/SLcMVU: the Student Information System;
The guide for the study programme that provides further details of the provisions and other information specific to that programme. The study guide is available electronically at: https://www.vu.nl/en/study-guide/.

The workload of the unit of study to which an examination applies, expressed in terms of credits = EC credits (ECTS = European Credit and Transfer Accumulation System). The workload for 1 year (1,680 hours) is 60 EC credits.

The period beginning on 1 September and ending on 31 August of the following calendar year.

An assessment of the student’s knowledge, understanding and skills relating to a course component. The assessment is expressed in terms of a final mark. An examination may consist of one or more constituent examinations. A resit always covers the same material as the original examination.

The result of a constituent examination;

the final mark for an examination;

the Regulations and Guidelines regarding examinations at SBE, as defined in article 7.12, paragraph 4 of the WHW;

Vrije Universiteit Amsterdam;

the Dutch Higher Education and Research Act (Wet op het Hoger Onderwijs en Wetenschappelijk Onderzoek);

Programme committee;

Faculty joint assembly – assembly of the faculty student council and faculty staff council;

the Executive Board of Vrije Universiteit Amsterdam.

The other terms have the meanings ascribed to them by the WHW.

2. Study programme structure

Article 2.1 Structure of academic year and educational components

1. The study programme will be offered in a year divided into two semesters. (Ordinance CvB, see appendix 2)

2. Every semester consists of three consecutive periods of eight, eight and four weeks (Ordinance CvB, see appendix 2)

3. An educational component comprises 6 EC or a multiple thereof. (Ordinance CvB, see appendix 2)

3. Assessment and Examination

Article 3.1 Signing up for education and examinations

1. Every student must sign up to participate in the educational components of the programme, the examinations and resits. The procedure for signing up is described in an (Ordinance CvB, see appendix 2)
annex to the Student Charter.

2. Signing up may only take place in the designated periods.
   Ordinance CvB, see appendix 2

### Article 3.2 Type of examination

1. At the student’s request, the Examination Board may permit a different form of examination than that stipulated in the study guide. If applicable, more detailed regulations on this are included in the Regulations and Guidelines for the Examination Board.
   Advice OLC; Approval FGV (7.13 l)

2. If an compulsory educational component is no longer offered in the academic year following its termination, at least one opportunity will be provided to sit the examination(s) or parts thereof and a transitional arrangement will be available in the study guide.
   Advice OLC, approval FGV (7.13 j)

### Article 3.3 Oral examinations

1. An oral assessment is public unless the Examination Board or examiner determines otherwise in an exceptional case.
   Advice OLC; approval FGV (7.13 l and n)

### Article 3.4 Determining and announcing results

1a. The examiner determines the result of a written examination as soon as possible, but at the latest within ten working days. By way of departure from that stipulated in the first clause, the marking deadline for theses / final assignments and internship is no longer than twenty working days. The examiner will then immediately ensure that the marks are registered and also ensures that the student is immediately notified of the mark, taking due account of the applicable confidentiality standards.
   Ordinance CvB, see appendix 2

1b. If, as a result of exceptional circumstances, the examiner is likely to exceed the deadline, he or she can put a request for an extension of the revision period to a maximum of 15 days to the Examination Board, stating reasons. If the Examination Board approves the delay the examiner will then ensure that the students are informed of the new deadline.

2. The examiner determines the result (i.e. mark) of an oral examination as soon as the examination has finished and informs the student accordingly. The third sentence of the paragraph 1a applies.
   Advice OLC; approval FGV (7.13 o)

3. In the case of alternative forms of oral or written examinations, the Examination Board determines in advance how and by what deadline the student will be informed of the results.
   Advice OLC; approval FGV (7.13 o)

### Article 3.5 Examination opportunities

1. a. Per academic year, two opportunities to take examination per educational component will be offered.

   b. As an exception to paragraph 1, practical exercises as defined in article 1.2 sub g are examined only once in each academic year. Results may be improved by the student before a deadline specified by the examiner; the final mark will in that case not exceed 6. In case this applies to the final thesis the programme’s thesis coordinator may deviate from this rule in case of exceptional circumstances.

   1c. As an exception to paragraph 1a, there will only be a resit for a constituent examination when this forms such a substantial part of the educational component that without it the component cannot be passed.

   Ordinance CvB, see appendix 2
2. The most recent mark will apply in the event of a resit. A resit is allowed for both passed and failed units of study.  

3. The resit for a (constituent) examination must not take place within ten working days of the announcement of the result of the (constituent) examination being resat.

4. The Examination Board may allow a student an extra opportunity to sit an examination if that student misses only those credits to qualify for his degree. This is conditional to the student’s having taken and failed the examination at least once. Furthermore, there may be no regular opportunity for taking the examination within the next 6 months. If necessary, the way the examination is held may deviate from the provisions in the study guide. This provision excludes practical exercises (including the thesis).

**Article 3.6 Marks**

1. Constituent results are given on a scale from 1 to 10 with no more than one decimal point.  

2. The marks are given in whole or half points.

3. Final marks between 5 and 6 will be rounded off to whole marks: between 5.1 - 5.4 rounded down; between 5.5 - 5.9 rounded up. To pass a component, a 6 or higher is required.

4. The Examination Board can allow to use symbols rather than numbers, for example; v (completed), g (good), nvd (not completed), etc.

**Article 3.7 Exemption**

1. At the written request of the student, the Examination board may exempt the student from taking the examinations of one or more components, if the student:  
   a) has passed a component of a university or higher professional education programme that is equivalent in terms of content and level; or  
   b) has demonstrated through his/her work and/or professional experience that he/she has sufficient knowledge and skills with regard to the relevant component.

2. This exemption does not apply to the Master’s thesis.

3. Section B may set a limit on the number of components for which an exemption can be granted.

**Article 3.8 Validity period for results**

1. From September 2017 onwards all examinations passed and examination exemptions that were valid on August 31st 2017 remain valid for an unlimited period of time unless specified otherwise in Section B.

2. The validity period of the result of a constituent examination is limited to the academic year in which it was taken.

**Article 3.9 Right of inspection and post-examination discussion**

1. For twenty working days after the announcement of the results of a written examination, the student can, on request, inspect his/her assessed work, the questions and assignments set in it, as well as the standards applied for marking. The place and time for the inspection referred to in the previous clause will be announced at the time of the examination.

2. If a collective post-examination discussion has been organized, individual post-examination discussions will be held only if the student has attended the collective

<table>
<thead>
<tr>
<th>Discussion or if he/she was unable to attend the collective discussion through no fault of his/her own.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Advice OLC; approval FGV (7.13 p en q)</td>
</tr>
</tbody>
</table>

3. Students who meet the requirements stipulated in paragraph 2 can submit a request for an individual post-examination discussion to the relevant examiner. The discussion shall take place at a time and location to be determined by the examiner.

### 4. Academic student counselling and study progress

#### Article 4.1 Administration of study progress and academic student counselling

<table>
<thead>
<tr>
<th>The faculty board is responsible for the correct registration of the students’ study results. After the assessment of an educational component has been registered, every student can view the result for that component and also has a list of the results achieved at his/her disposal in VUnet.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Advice OLC; approval FGV (7.13 u)</td>
</tr>
</tbody>
</table>

2. Enrolled students are eligible for academic student counselling. Academic student counselling is at least provided by:
   a. The Student General Counselling Service
   b. Student psychologists
   c. Faculty academic advisors

#### Article 4.2 Adaptations for students with a disability

<table>
<thead>
<tr>
<th>A student with a disability can submit a request in VUnet to qualify for special adaptations with regard to teaching, practical training and examinations. These adaptations will accommodate the student’s individual disability as much as possible, but may not alter the quality or degree of difficulty of a unit of study or an examination. In all cases, the student must fulfil the exit qualifications for the study programme.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Advice OLC; approval FGV (7.13 m)</td>
</tr>
</tbody>
</table>

2. The request referred to in the first paragraph must be accompanied by a statement from a doctor or psychologist. If possible, an estimate should be given of the potential impact on the student’s study progress. In case of a chronic disability a single (one time) request suffices.

3. Students who have been diagnosed with dyslexia must provide a statement from a BIG, NIP or NVO registered professional who is qualified to conduct psychological evaluation.

4. The faculty board, or the responsible person on behalf of the faculty board, decides on the adaptations concerning the teaching facilities and logistics. The Examination Board will rule on requests for adaptations with regard to examinations.

5. In the event of a positive decision in response to a request as referred to in paragraph 1, the student will make an appointment with the academic advisor to discuss the details of the provisions.

6. A request for adaptations will be refused if it places a disproportionate burden on the organization or the resources of the faculty or university were it upheld.

7. If the disability justifies an extension of the examination time, the Examination Board will issue a statement testifying to this entitlement to an extension. If a disability justifies other measures to be taken, the academic advisor can take the necessary measures.

8. The decision as referred to in paragraph 5 may specify a limited validity of the special adaptations.
5. Hardship clause

Article 5.1 Hardship clause

In instances not regulated by the Teaching and Examination Regulations or in the event of demonstrable extreme unreasonableness and unfairness, the faculty board responsible for the study programme will decide, unless the matter concerned is the responsibility of the Examination Board.

Section B1: Programme specific – general provisions

6. General programme information and characteristics

Article 6.1 Study programme information

1a The programmes
   - Master Accounting and Control (CROHO number 60047),
   - Master Business Administration (CROHO number 60644),
   - Master Econometrics and Operations Research (CROHO 66833),
   - Master Economics (CROHO number 66401),
   - Master Finance (CROHO number 660046),
   - Master Marketing (CROHO number 60048),
   - Master Spatial, Trans and Environmental Economics (CROHO number 60444)

are all offered on a full-time basis.

The programme:
   - Accounting and Control (CROHO number 60047)

is also offered on a part-time basis.

1b The full-time programme has a nominal study duration of 1 year; part-time 2 years.

2. The full-time degree programme is taught in the English language and examinations will be taken in English.
   a. The pre-master programme is taught in the English language and examinations will be taken in English
   b. The part-time degree programme is taught in the Dutch or English language and examinations will be taken in Dutch or English.

3. As an exception to that stipulated in paragraph 2, the Faculty Board may grant permission in specific cases and in accordance with the Foreign Language Code of Conduct for the programme, or a component of the programme, to be taught in a different language:
   - in the case of a degree programme or component relating to the language in question;
   - if the specific nature, organization or quality of the degree programme or component or the origin of the students necessitates this.

4. If a student requests permission to sit one or more parts of an examination in a language other than the one stipulated by the programme, such request will be subject to that stipulated in the Regulations and guidelines issued by the Examination board.
Article 6.2 Teaching formats used and modes of assessment

1. The programmes use the teaching formats as specified in the Study Guide.

   Advice OLC; approval FGV (7.13 x)

2. The modes of assessment used per educational component are specified in the Study Guide.

   Advice OLC; approval FGV (7.13 l)

7. Further admission requirements

Article 7.1 Intake date(s)

The full-time Master’s programmes are offered starting in the first semester of the academic year (1 September) only. The part-time Master’s programmes start in the first and in the second semester (1 February). The Pre-Master’s programmes start in the second semester (1 February).

Advice OLC; approval FGV (9.38 b)

Article 7.2 Admission requirements

1. Students will be admitted to the degree programme if they hold a certificate of admission, issued by or on behalf of the Faculty Board because they have demonstrated that they meet the knowledge, understanding and skills requirements reflecting the final level of attainment in an academic Bachelor’s degree programme in Economics, Econometrics and/or (International) Business Administration as stipulated in the Admission requirements published on the website of the VU Graduate School of Economics and Business Administration.

   Partly legal provision & ordinance CvB, see appendix 3. Admission requirements excepted from participation in WHW

2. The Admissions Board will investigate whether the applicant meets the admission requirements.

   Legal provision

3. In addition to the requirements referred to in the first paragraph, the Admissions Board can also assess requests for admission in terms of (at least two of) the following criteria:
   a. talent and motivation;
   b. level of relevant knowledge and understanding;
   c. proficiency in methods and techniques;
   d. academic attitude and critical thinking;
   e. proficiency in the language(s) of instruction

   Partly legal provision & ordinance CvB, see appendix 3. Admission requirements excepted from participation in WHW
### Article 7.3 English language requirement for English-language Master’s programmes

1. The proficiency requirement in English as the language of instruction can be met if no longer than two years before the start of the programme, the applicant has successfully completed one of the following examinations with at least the scores indicated:

<table>
<thead>
<tr>
<th>Master</th>
<th>IELTS</th>
<th>TOEFL with a TWE score of 4.5</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>General score</td>
<td>Min. Score Speaking</td>
</tr>
<tr>
<td>Finance</td>
<td>6.5</td>
<td>6.0</td>
</tr>
<tr>
<td>Marketing</td>
<td>7</td>
<td>7.0</td>
</tr>
<tr>
<td>Business Administration</td>
<td>6.5</td>
<td></td>
</tr>
<tr>
<td>Economics</td>
<td>6.5</td>
<td></td>
</tr>
<tr>
<td>Econometrics and Operations Research</td>
<td>6.5</td>
<td>6.0</td>
</tr>
<tr>
<td>Spatial, Transport and Environmental Economics</td>
<td>6.5</td>
<td></td>
</tr>
<tr>
<td>Accounting and Control</td>
<td>6.5</td>
<td>6.0</td>
</tr>
</tbody>
</table>

2. Exemption is granted from the examination in English referred to in the first paragraph to students who, within two years of the start of the programme:
   i. met the requirements of the VU test in English language proficiency TOEFL ITP, with at least the scores specified in paragraph 1, or
   ii. had previous education in secondary or tertiary education in an English-speaking country as listed on the VU website, or
   iii. have an English-language ‘international baccalaureate’ diploma, or
   iv. hold an admissible bachelor diploma of a Dutch university.
   v. have a diploma of an English taught Bachelor or Master degree programme which has been accredited by the NVAO in the Netherlands.

### Article 7.4 Pre-Master’s programme

1. The objective of the pre-Master’s programme is to give graduates of an institute of Higher Vocational Education with insufficient background the knowledge, skills, attitude and insight up to the level of a University Bachelor’s degree, which then leads on to the Faculty’s Master’s programmes.

2. The general final attainment levels of the pre-Master’s programme are:
   a. Knowledge of and insight into:
      - processes and phenomena in the selected domain;
      - theories in the selected domain;
      - research methodology.
   b. Being capable of:
      - being able to present an academic argument (verbal and written);
      - critically analyse the professional literature;
- assess research results in terms of reliability, validity and practicability;
- analyse and interpret data.

c. Show evidence of:
- a critical view of widespread assumptions in society;
- intellectual integrity;
- a scientific attitude, i.e. a preparedness to test assumptions and theories.

3. Admission to the pre-master programme is possible on the basis of Bachelor’s degree from a Dutch programme of Higher Vocational Education and a GMAT score of at least 550 or an equivalent GRE score.

4. The programmes, their components and the examination format used in each component are listed in the Study Guide.

5. The Pre-Master’s programmes have a study load of 30 credits.

6. A Pre-master’s programme of the same name can only be registered for once.

7. a. Successfully completed components of the pre-Master’s programmes are valid until 31 August of the academic year in which the results were issued.

b. A Pre-Master’s programme is only successfully completed when all individual components are passed.

c. Notwithstanding the provisions stated in paragraph a, the Examination board can extend a component’s period of validity in special cases.

d. Successful completion of the pre-Master’s programme secures admission to the Master’s programme or specialization of the same name in the following academic year.

8. Provided that all results have been properly recorded, the Examination board awards a pre-Master’s programme list of results to all students who have passed every test in the pre-Master’s programme.

8. Examinations and results

Article 8.1 Validity period for results

| From September 2017 onwards all examinations passed and examination exemptions that were valid on August 31st 2017 remain valid for an unlimited period of time. | Advice OLC; approval FGV (7.13 k) |
Section B2: Programme specific – content of programme

9. Programme objectives, specializations and exit qualifications

Article 9.1 Workload

1. The programme has a workload of 60 EC, except for the MSc Finance honours programme ‘Duisenberg Honours Programme Quantitative Risk Management’, which has a study load of 84 EC, the MSc Business Administration specialization Management Consulting Honours Track, which has a study load of 84 EC, the MSc Business Administration specialization ‘Duisenberg Honours Programme Financial Markets and Regulation’, which has a study load of 84 EC and the MSc Econometrics and OR Honours Track Operations Research, which has a study load of 78 EC.

Article 9.2 Specializations

The programmes have the specializations as mentioned in the study guide.

Article 9.3 Programme objective

1. The Master programmes have a final attainment level corresponding to the Dublin Descriptors (the Framework of Qualifications for the European Higher Education Area) and the Higher Education Qualifications Framework in the Netherlands. These are expressed in learning objectives.

2. The degree programme aims to achieve the following:
   a. to teach the student specialized knowledge, skills and understanding in the field of the Master programme chosen, i.e. Accounting and Control; Business Administration; Econometrics and Operations Research; (Spatial, Transport and Environmental) Economics; Finance, or Marketing.
   b. to prepare the student for work in that field for which an academic education is required.

3. The degree programme also promotes the academic education of the student, in particular with reference to:
   a. independent, academic thought processes and performance;
   b. communicating at an academic level;
   c. applying specialist academic knowledge in a wider and/or philosophical and social context.

4. The degree programme focuses attention on the student’s personal development and promotes his or her awareness of social responsibility.

Article 9.4 Learning objectives

See appendix III for the learning objectives.
10. Curriculum structure

Article 10.1 Composition of the programme

1. The programme comprises at least a package of compulsory components and an individual Master’s thesis.

2. Additionally the programme can offer:
   - Practical exercises
   - Electives

3. Educational components are categorized as specialized (400), research oriented (500) and highly specialized (600) level.

Article 10.2 Compulsory educational components and electives

1. The compulsory components and electives are listed in the Study Guide. An overview of each programme is appended to these Regulations.

2. If the student wishes to take a different course than the electives listed in the Study Guide, advance permission must be obtained in writing from the Examination board

Article 10.3 Maximum exemption

A maximum of 18 credits of the curriculum can be achieved on the basis exemptions granted.

11. Evaluation and transitional provisions

Article 11.1 Evaluation of the education

1. The education provided in this programme is evaluated in accordance with the evaluation plan. The faculty evaluation plan offers the framework.

Article 11.2 Transitional provisions

Notwithstanding the current Academic and Examination Regulations, for students who started the programme under a previous set of Academic and Examination Regulations, transitional provisions may apply. These are stipulated on Vunet and in the Study Guide.

Article 12.3 Publication

1. The Faculty Board will ensure the appropriate publication of these Regulations and any amendments to them.

2. The Academic and Examination Regulations will be posted on the faculty website and deemed to be included in the Study Guide.

Advice and approval by the Programme Committees, on 1 June 2018

Approved by the Faculty Joint Assembly, on 21 June 2018

Adopted by the Faculty Board on 5 June 2018
### Appendix I

**Overview of articles that must be included in the OER**

*Based on Section 7.13, paragraph 2, of the WHW and other Sections of the Act.*

</table>
### BSc INTERNATIONAL BUSINESS ADMINISTRATION

Graduates...

| 1. **ACADEMIC AND RESEARCH SKILLS** | 1. Can conduct a basic international research project from start to finish |
| 2. **BRIDGING THEORY AND PRACTICE – knowledge** | 2. Demonstrate theoretical and empirical knowledge concerning the relevant areas in international business administration |
| 3. **BRIDGING THEORY AND PRACTICE – application** | 3. Can propose a solution to an international real-life business problem by applying relevant theories and methodologies |
| 4. **SOCIAL PROFESSIONAL SKILLS** | 4. Are able to effectively manage different professional roles in a cross-cultural environment |
| 5. **BROADENING YOUR HORIZON** | 5. Are able to reflect on the ethical and social implications of professional and governmental decisions |
| 6. **SELF-AWARENESS** | 6. Can evaluate own learning, knowledge and actions |

---

### BSc ECONOMICS AND BUSINESS ECONOMICS

Graduates...

| 1. **ACADEMIC AND RESEARCH SKILLS** | 1. Can conduct a basic research project from start to finish |
| 2. **BRIDGING THEORY AND PRACTICE – knowledge** | 2. Demonstrate theoretical and empirical knowledge concerning the relevant areas in general economics and business economics |
| 3. **BRIDGING THEORY AND PRACTICE – application** | 3. Can analyze a real-life problem by applying relevant theories and methodologies |
| 4. **SOCIAL PROFESSIONAL SKILLS** | 4. Can professionally set up and execute an oral or written presentation for a (non-) expert audience |
| 5. **BROADENING YOUR HORIZON** | 5. Are able to reflect on the ethical and social implications of professional and governmental decisions |
| 6. **SELF-AWARENESS** | 6. Can evaluate own learning, knowledge and actions |
### BSc ECONOMETRICS AND OPERATIONS RESEARCH

Graduates...

<table>
<thead>
<tr>
<th>1. ACADEMIC AND RESEARCH SKILLS</th>
<th>1. Can conduct a basic research project from start to finish</th>
</tr>
</thead>
<tbody>
<tr>
<td>2. BRIDGING THEORY AND PRACTICE - knowledge</td>
<td>2. Demonstrate a thorough knowledge of the three core areas of econometrics: econometrics, operations research and mathematical economics</td>
</tr>
<tr>
<td>3. BRIDGING THEORY AND PRACTICE - application</td>
<td>3. Can model business and economics problems using analytic methods from mathematics, and statistics</td>
</tr>
<tr>
<td>4. SOCIAL PROFESSIONAL SKILLS - communication</td>
<td>4. Can professionally present (orally and in writing) for a (non-) expert audience</td>
</tr>
<tr>
<td>5. SOCIAL PROFESSIONAL SKILLS - teamwork</td>
<td>5. Work well in a team and reflect on own role and contribution within teams</td>
</tr>
<tr>
<td>6. BROADENING YOUR HORIZON</td>
<td>6. Can reflect on the ethical and social implications of the outcome of their analysis</td>
</tr>
<tr>
<td>7. SELF-AWARENESS</td>
<td>7. Can evaluate own learning, knowledge and practice</td>
</tr>

</table>

### BSc PHILOSOPHY, POLITICS AND ECONOMICS

Graduates...

<table>
<thead>
<tr>
<th>1. ACADEMIC AND RESEARCH SKILLS</th>
<th>1. Can conduct a basic research project from start to finish</th>
</tr>
</thead>
<tbody>
<tr>
<td>2. BRIDGING THEORY AND PRACTICE - knowledge</td>
<td>2. Demonstrate knowledge and understanding of the conceptual and methodological principles of economics as well as of contemporary theories and developments in micro- and macro-economics</td>
</tr>
<tr>
<td>3. BRIDGING THEORY AND PRACTICE - application</td>
<td>3. Apply economic theories, approaches, tools and methods to the analysis of important societal questions and make both qualitative and quantitative judgements</td>
</tr>
<tr>
<td>4. SOCIAL PROFESSIONAL SKILLS - communication</td>
<td>4. Can systematically and coherently present their work in verbal, written, and graphical forms to an expert and non-expert public from different backgrounds.</td>
</tr>
<tr>
<td>5. SOCIAL PROFESSIONAL SKILLS - teamwork</td>
<td>5. Take initiative and function as a team player.</td>
</tr>
<tr>
<td>6. BROADENING YOUR HORIZON</td>
<td>6. Reflect upon the professional responsibility of researchers and practitioners, and incorporate these reflections into the analysis of societal questions.</td>
</tr>
<tr>
<td>7. SELF-AWARENESS</td>
<td>7. Can evaluate own learning, knowledge and practice</td>
</tr>
</tbody>
</table>
2. MASTER’S PROGRAMS

2.1 MASTER’S LEARNING GOALS ON SCHOOL LEVEL

Graduates...

| 1. ACADEMIC AND RESEARCH SKILLS | Have the advanced academic and research skills to contribute to the body of knowledge |
| 2. BRIDGING THEORY AND PRACTICE | Have state-of-the-art knowledge and an evidence-based approach to solving complex business problems |
| 3. SOCIAL PROFESSIONAL SKILLS | Have the professional/social skills to interact with other professionals |
| 4. BROADENING YOUR HORIZON | Have a broad horizon beyond the professional area |
| 5. SELF-AWARENESS | Are self-reflective professionals |

2.2 MASTER’S LEARNING OBJECTIVES ON PROGRAM LEVEL

MSc BUSINESS ADMINISTRATION – SPECIALIZATION DIGITAL BUSINESS AND INNOVATION

Graduates...

<p>| 1. ACADEMIC AND RESEARCH SKILLS | 1. Demonstrate a command of all the academic research skills necessary to make relevant contributions to the domain of digital innovation and the disciplines of information systems and innovation management |
| 2. BRIDGING THEORY AND PRACTICE - knowledge | 2. Show a critical understanding of state-of-the-art theory and methods in the domain of digital innovation and the disciplines of information systems and innovation management, as published in top journals |
| 3. BRIDGING THEORY AND PRACTICE - application | 3. Examine complex real-life case problems from different (theoretical) perspectives and design well-founded, substantiated solutions based on the appropriate methods and techniques commonly used in the domain of digital innovation (academic and business) |
| 4. SOCIAL PROFESSIONAL SKILLS | 4. Work well in a team and reflect on all roles and contributions within teams, interact effectively with stakeholders, and present convincingly in English (orally and in writing) to both academics and professionals |</p>
<table>
<thead>
<tr>
<th>5. <strong>BROADENING YOUR HORIZON</strong></th>
<th>5. Formulate their own opinions on master’s related issues within society, their outlook, including both economic interests and environmental, societal and ethical concerns</th>
</tr>
</thead>
<tbody>
<tr>
<td>6. <strong>SELF-AWARENESS</strong></td>
<td>6. Take responsibility for their own learning and knowledge</td>
</tr>
</tbody>
</table>

MSc BUSINESS ADMINISTRATION – SPECIALIZATION TRANSPORT AND SUPPLY CHAIN MANAGEMENT

Graduates...

<table>
<thead>
<tr>
<th><strong>1. ACADEMIC AND RESEARCH SKILLS</strong></th>
<th>1. Evaluate and assess state-of-the-art theories and methods to develop strategies for practically relevant decision-making in the area of Transport &amp; Supply Chain Management.</th>
</tr>
</thead>

**MSc BUSINESS ADMINISTRATION – SPECIALIZATION HUMAN RESOURCE MANAGEMENT**

Graduates...
1. **ACADEMIC AND RESEARCH SKILLS**
   1. Demonstrate a command of the academic and research skills necessary to make academically, professionally and societally significant contributions to the HRM discipline

2. **BRIDGING THEORY AND PRACTICE - knowledge**
   2. Show a critical mastery of core HRM and OB theory and quantitative and qualitative methods, and of state-of-the-art thinking about the discipline

3. **BRIDGING THEORY AND PRACTICE - application**
   3. Design substantiated solutions to complex practical problems and find opportunities to formulate innovative ideas based on appropriate theories, methods, and techniques commonly used in the field of HRM

4. **SOCIAL PROFESSIONAL SKILLS**
   4. Demonstrate excellent societal and communication skills both orally and in writing in multi-stakeholder contexts

5. **BROADENING YOUR HORIZON**
   5. Formulate their own opinions on master’s related issues from the perspective of an academic, a professional and a member of society, and based on deliberate decision-making and ethical concerns

6. **SELF-AWARENESS**
   6. Take responsibility for their own learning and critically reflect on their own aspirations, strengths and challenges

---

MSc BUSINESS ADMINISTRATION – SPECIALIZATION FINANCIAL MANAGEMENT

Graduates...

1. **ACADEMIC AND RESEARCH SKILLS**
   1. Make a valuable academic, managerial contribution to the financial management profession using academic research skills

2. **ACADEMIC AND RESEARCH SKILLS**
   2. Use quantitative analysis skills to answer complex research questions in the area of financial management

3. **BRIDGING THEORY AND PRACTICE - knowledge**
   3. Demonstrate state-of-the-art academic knowledge in the areas of financial management

4. **BRIDGING THEORY AND PRACTICE - application**
   4. Can formulate well-founded and substantiated solutions to real-life financial managerial challenges

5. **SOCIAL PROFESSIONAL SKILLS**
   5. Are able to present effectively to a variety of stakeholders

6. **BROADENING YOUR HORIZON**
   6. Can formulate their own opinions on financial management questions taking into account the societal and ethical context

7. **SELF-AWARENESS**
   7. Take responsibility for their own learning, knowledge and actions
**MSc FINANCE**

Graduates...

| 1. **ACADEMIC AND RESEARCH SKILLS** | 1. Are able to go through all the steps of the academic research process |
| 2. **ACADEMIC AND RESEARCH SKILLS - Quantitative** | 2. Possess the quantitative analysis skills to answer complex research questions in the area of financial economics |
| 3. **BRIDGING THEORY AND PRACTICE - knowledge** | 3. Demonstrate state-of-the-art academic knowledge in the areas of financial economics |
| 5. **SOCIAL PROFESSIONAL SKILLS** | 5. Are able to present effectively and in a balanced way to a variety of audiences |
| 6. **BROADENING YOUR HORIZON** | 6. Can formulate their own opinions on financial economic questions taking into account the societal and ethical context |
| 7. **SELF-AWARENESS** | 7. Take responsibility for their own learning, knowledge and actions |

**MSC MARKETING – FULL-TIME AND PART-TIME**

Graduates...

| 1. **ACADEMIC AND RESEARCH SKILLS** | 1. Make relevant (academic, managerial and societal) contributions to the marketing discipline using academic research skills |
| 2. **BRIDGING THEORY AND PRACTICE - knowledge** | 2. Demonstrate and apply state-of-the-art specialized theory in the field of marketing |
| 3. **BRIDGING THEORY AND PRACTICE - application** | 3. Develop solutions from different theoretical perspectives for complex real-life business problems by applying relevant marketing theories and methodologies |
| 4. **SOCIAL PROFESSIONAL SKILLS - teamwork** | 4. Work well in a team and reflect on all roles and contributions within teams |
| 5. **SOCIAL PROFESSIONAL SKILLS - communication** | 5. Present in English (orally and in writing) to both academics and professionals convincingly |
| 6. **BROADENING YOUR HORIZON** | 6. Formulate own opinion on master’s related issues within society, their outlook, including both economic interests and environmental, societal and ethical concerns |
| 7. **SELF-AWARENESS** | 7. Take responsibility for their own learning and knowledge |
MSc ECONOMICS

Graduates...

MSC ECONOMETRICS AND OPERATIONS RESEARCH

Graduates...

| 1. ACADEMIC AND RESEARCH SKILLS | 1. Make relevant (academic, managerial and societal) contributions to the Econometrics and Operations Research disciplines using academic research skills |
| 2. BRIDGING THEORY AND PRACTICE - knowledge | 2. Demonstrate and apply state-of-the-art theory in the fields of econometrics and operations research |
| 3. BRIDGING THEORY AND PRACTICE - application | 3. Develop solutions for complex real-life problems by applying relevant econometrics and operations research techniques and methodologies |
| 4. SOCIAL PROFESSIONAL SKILLS | 4. Can justify their findings (orally and in writing) to both academics and professionals convincingly |
| 5. BROADENING YOUR HORIZON | 5. Can formulate their own opinions on the ethical and social implications of the outcome of their analysis |
| 6. SELF-AWARENESS | 6. Take responsibility for their own learning and knowledge |

MSC IN SPATIAL, TRANSPORT AND ENVIRONMENTAL ECONOMICS

Graduates...

| 1. ACADEMIC AND RESEARCH SKILLS | 1. Can test economic hypotheses and draw policy conclusions using statistical and mathematical techniques applied to economic data |
| 2. BRIDGING THEORY AND PRACTICE - knowledge | 2. Understand the academic literature and recognize important contributions to the field of urban, transport and environmental economics |
| 3. BRIDGING THEORY AND PRACTICE - application | 3. Can solve a real-life societal and market challenge by applying relevant theories and methodologies |
| 4. SOCIAL PROFESSIONAL SKILLS | 4. Can present research findings to expert and non-expert audiences |
| 5. BROADENING YOUR HORIZON | 5. Can critically assess the answers to pertinent social, societal and economic problems |
| 6. SELF-AWARENESS | 6. Can independently identify and fill in gaps in their knowledge and skills to develop as professionals |
**MSc ENTREPRENEURSHIP**

Graduates...

<table>
<thead>
<tr>
<th>1. ACADEMIC AND RESEARCH SKILLS</th>
<th>1. Can make relevant (academic, managerial and societal) contributions to the field of entrepreneurship, using academic research skills</th>
</tr>
</thead>
<tbody>
<tr>
<td>2. BRIDGING THEORY AND PRACTICE - knowledge</td>
<td>2. Demonstrate up-to-date theoretical and empirical knowledge of the entrepreneurship phenomenon</td>
</tr>
<tr>
<td>3. BRIDGING THEORY AND PRACTICE - application</td>
<td>3. Assess, produce, and develop innovative, viable, high-quality research-based ideas in various (international) real-life contexts</td>
</tr>
<tr>
<td>4. SOCIAL PROFESSIONAL SKILLS</td>
<td>4. Can communicate effectively and unambiguously with experts as well as laymen, both orally and in writing</td>
</tr>
<tr>
<td>5. BROADENING YOUR HORIZON</td>
<td>5. Formulate their own opinions on the consequences of entrepreneurial behavior within society, their outlook, including both economic interests and environmental, societal and ethical concerns</td>
</tr>
<tr>
<td>6. SELF-AWARENESS</td>
<td>6. Take responsibility for own learning, knowledge and actions</td>
</tr>
</tbody>

</tr>
<tr>
<td>6. <strong>SELF-AWARENESS</strong></td>
<td>6. Take responsibility for their own learning, knowledge and actions</td>
</tr>
</tbody>
</table>
### MSC INVESTMENT MANAGEMENT

Graduates...

| 1. ACADEMIC AND RESEARCH SKILLS | 1. Make valuable academic, practical and sustainable contributions to the profession using academic research skills |
| 2. BRIDGING THEORY AND PRACTICE - knowledge | 2. Demonstrate state-of-the-art theory published in top academic journals in the field of finance and investments |
| 3. BRIDGING THEORY AND PRACTICE - application | 3. Can apply state-of-the-art theory and research methods, in a responsible way, to solve multi- and interdisciplinary problems in the investment practice |
| 4. SOCIAL PROFESSIONAL SKILLS | 4. Present and discuss the complexity of multidisciplinary investment problems to professionals and clients convincingly |
| 5. BROADENING YOUR HORIZON | 5. Formulate their own opinions on complex issues within society, their outlook, including both economic interests and environmental, social and ethical concerns |
| 6. SELF-AWARENESS | 6. Have a ‘sense of urgency’ to remain informed about relevant theoretical and practical developments in the discipline |

### MSC IT AUDIT, COMPLIANCE AND ADVISORY

Graduates...

| 1. ACADEMIC AND RESEARCH SKILLS | 1. Make valuable academic, managerial and societal contributions to the profession using academic research skills |
| 2. BRIDGING THEORY AND PRACTICE - knowledge | 2. Have thorough knowledge of relevant theory and methods in the field of IT audit, compliance & advisory |
| 3. BRIDGING THEORY AND PRACTICE - application | 3. Develop and apply well-founded, substantiated solutions from different theoretical and multidisciplinary perspectives for complex real-life business problems, based on appropriate methods and techniques |
| 4. SOCIAL PROFESSIONAL SKILLS | 4. Present the complexity of multidisciplinary business problems to professionals and clients convincingly |
| 5. BROADENING YOUR HORIZON | 5. Express their independent opinion or advice on IT audit, compliance and advisory issues, their outlook, including both economic interests and environmental, social and ethical concerns |
| 6. SELF-AWARENESS | 6. Take responsibility for their own learning and positioning |
CERTIFIED PUBLIC CONTROLLER

Graduates...

| 1. ACADEMIC AND RESEARCH SKILLS | 1. Can make valuable academic, managerial and societal contributions to the profession of public controller using academic research skills |
| 2. BRIDGING THEORY AND PRACTICE - knowledge | 2. Are familiar with, and can apply, state-of-the-art theory published in top academic journals in the field of management accounting and control, governance, and leadership |
| 3. BRIDGING THEORY AND PRACTICE - application | 3. Can develop, apply, and reflect on well-founded, substantiated solutions from different theoretical and multidisciplinary perspectives for complex business problems and social issues, based on appropriate methods and techniques |
| 4. SOCIAL PROFESSIONAL SKILLS | 4. Can present the complexity of multidisciplinary business problems and social issues to professionals and stakeholders convincingly |
| 5. BROADENING YOUR HORIZON | 5. Can formulate their own opinions on issues within society, their outlook, including both economic interests and environmental, social and ethical concerns, in order to create public value |
| 6. SELF-AWARENESS | 6. Take responsibility for their own learning and positioning within their organization and work field as a public controller |

CORPORATE COMPLIANCE AND INTEGRITY MANAGEMENT (objectives under construction)

Graduates...

| 1. ACADEMIC AND RESEARCH SKILLS | 1. Make a relevant contribution to the international academic body of knowledge in compliance & integrity management |
| 2. BRIDGING THEORY AND PRACTICE - knowledge | 2. Demonstrate reflection on compliance & integrity management from a multidisciplinary view and hence a better understanding of compliance & integrity management from a multi-stakeholder and behavioral perspective |
| 3. BRIDGING THEORY AND PRACTICE - application | 3. Demonstrate mapping of the compliance landscape of an organization, including applicable (inter)national supervisory authorities, to an organization |
| 4. SOCIAL PROFESSIONAL SKILLS | 6. Present and discuss the complexity of compliance & integrity issues with all stakeholders in various business contexts |
| 5. BROADENING YOUR HORIZON | 7. Have a broad horizon beyond the professional area of compliance & integrity management |
### 6. SELF-AWARENESS

<table>

Appendix IV
Overview of the programmes.
ACCOUNTING AND CONTROL - full time

Core

- Advanced Financial Reporting (6 EC)
- Empirical Research in Accounting (6 EC)

Electives

Choose minimum 3 courses from 7

- Advanced Auditing (6 EC)
- Advanced Corporate Finance for Accounting and Control (6 EC)
- Financial Accounting Theory (6 EC)
- Management Control (6 EC)
- Enterprise Skills (6 EC)
- Field Work Elective (6 EC)
- Information Risk Management (6 EC)

Finalize Thesis (18 EC)

Last update: 01-03-2018
MASTER Accounting and Control - Course Schedule 2018-2019

ACCOUNTING AND CONTROL - part time

 Serious games need good scorekeeping

Core

- Advanced financial reporting 6 EC
- Empirical research in accounting 6 EC
- Advanced management accounting 6 EC
- Corporate law 6 EC
- Corporate law 6 EC
- Thesis 18 EC
- Portfolio 6 EC

Electives

- Choose minimum 3 courses from 5
- Advanced Auditing 6 EC
- Financial accounting theory 6 EC
- Information risk management 6 EC
- Advanced corporate finance for accounting and control 6 EC
- Management control 6 EC

Mandatory Courses

Elective Courses
DIGITAL BUSINESS & INNOVATION
Meet the business challenges of the digital age

- **Academic core**
  - 6 EC
  - DIGITAL BUSINESS & INFORMATION SYSTEMS
  - Business Process Management & IT Alignment 6 EC
  - Management of Sustainable Innovation 6 EC
  - Business Process Management & IT Alignment 6 EC
  - Management of Sustainable Innovation 6 EC
  - Research Design and Methods 6 EC
  - Ethics in a Digital World 3 EC
  - Reseach Design and Methods 6 EC
  - Ethics in a Digital World 3 EC
  - Master Thesis 15 EC

- **Digital transformation**
  - Digital Business & Information Systems 6 EC
  - Working and Organizing in a Digital Age 6 EC
  - Management of Digital Innovation 6 EC
  - Management of Sustainable Innovation 6 EC
  - Digital Innovation Lab 6 EC

- **Information systems**
  - Digital Business & Information Systems 6 EC
  - Digital Marketing 6 EC
  - Capita Selecta * 6 EC

- **Innovation management**
  - Digital Business & Information Systems 6 EC
  - Business Process Management & IT Alignment 6 EC
  - Management of Digital Innovation 6 EC
  - Management of Sustainable Innovation 6 EC
  - Digital Innovation Lab 6 EC

- **Other electives**
  - 6 EC
  - 6 EC
  - 6 EC
  - 6 EC
  - 6 EC
  - Digital Entrepreneurship Project 6 EC
  - Digital Consultancy Project 6 EC

* Free elective, but permission from Exam Board is required

ECONOMETRIC THEORY
Your Econometric Challenge for a Life-Time Career Enhancer

Core

- Bootcamp: Computer programming
  - 0 EC
- Advanced Econometrics: 6 EC
- Multivariate Econometrics: 6 EC
- Time Series Models: 6 EC
- Thesis: 18 EC

Choose 2 (or 3) specialization courses

- Measure Theoretic Probability: 8 EC
- Stochastic Processes: the Fundamentals: 6 EC
- Stochastic Processes for Finance and Derivatives Markets: 6 EC
- Econometrics Research: 6 EC

Specialization courses

- Evolutionary Computing: 6 EC
- Large Scale Data Engineering: 6 EC
- Functional Analysis: 8 EC
- Dynamical Systems: 8 EC
- Web Data Processing Systems: 6 EC
- Computation: 8 EC
- Computational Finance: 6 EC
- Time Series: 8 EC
- Stochastic Processes: 8 EC

Optional courses

Choose 1 of 8 courses, or an additional specialization course

Last update: 13-03-2018

FINANCIAL ECONOMETRICS
Your Road to Wall Street: Become the Quantitative Specialist in the Financial Industry

Core

- Bootcamp Computer programming
- Advanced Econometrics 6 EC
- Multivariate Econometrics 6 EC
- Time Series Models 6 EC
- Thesis 18 EC

Specialization courses

Choose 2 (or 3) specialization courses

- Asset Pricing 6 EC
- Stochastic Processes: the Fundamentals 6 EC
- Stochastic Processes for Finance and Derivatives Markets 6 EC
- Derivatives 6 EC

Choose 1 of 6 courses, or an additional specialization course

- Financial Econometrics Case study 6 EC

Optional courses

- Large Scale Data Engineering 6 EC
- Web Data Processing Systems 6 EC
- Financial Markets and Institutions 6 EC
- Computational Finance 6 EC
- Institutional Investments and Asset Liability Management 6 EC
- Quantitative Financial Risk Management 6 EC

QUANTITATIVE ECONOMICS
Be the game-changer in shaping and modelling the economy of tomorrow

Core

- Advanced Microeconomics 6 EC
- Advanced Macroeconomics 6 EC

Specialization courses

- Advanced Microeconomics 6 EC
- Advanced Macroeconomics 6 EC
- Research Project Economics 6 EC
- Geographic Information Systems 6 EC
- Financial Markets and Institutions 6 EC
- Transport Economics 6 EC
- Economics of Climate Change 6 EC
- Globalization, Growth and Development 6 EC
- Human Development 6 EC
- Industrial Organization and Competition Policy 6 EC
- Labour Economics 6 EC

Choose 1 out of 8

Optional courses

- Thesis 18 EC
- Multivariate Econometrics 6 EC
- Time Series Models 6 EC

Mandatory Courses

- Elective Courses

Last update: 13-03-2018
MASTER Econometrics and Operations Research - Course Schedule 2018-2019

FINANCIAL ENGINEERING
Become the expert on analyzing and designing financial products

Core

- Combinatorial Optimization
  - 6 EC
- Optimization under Uncertainty
  - 6 EC
- Operations Research Case Study
  - 6 EC
- Behavioural Operations Research
  - 6 EC
- Thesis
  - 18 EC

Financial Engineering

- Asset Pricing
  - 6 EC
- Econometrics for Quantitative Risk Management
  - 6 EC
- Stochastic Processes: the Fundamentals
  - 6 EC
- Stochastic Processes for Finance and Derivatives Markets
  - 6 EC
- Derivatives
  - 6 EC
- Institutional Investments and Asset Liability Management
  - 6 EC

Elective

- Choose (at least) 2 courses from 6
- Choose 1 course from a general list in study guide

Last update: 13-03-2018
OPERATIONS RESEARCH THEORY

Study at the Frontiers of Science: Become a Game Changer for Industry Practice

Core

1. Combinatorial Optimization  (6 EC)
2. Optimization under Uncertainty  (6 EC)
3. Operations Research Case Study  (6 EC)
4. Behavioural Operations Research  (6 EC)
5. Thesis  (18 EC)

Operations Research Theory

Choose (at least) 2 from 6 LNMB courses

- Continuous Optimization  (6 EC)
- Discrete Optimization  (6 EC)
- Heuristic Methods in Operations Research  (6 EC)
- Scheduling  (6 EC)
- Advanced Linear Programming  (6 EC)
- Queueing Theory  (6 EC)

Elective

Choose 1 course from a general list in study guide

Last update: 13-03-2018
SUPPLY CHAIN MANAGEMENT
Shaping supply chain networks in an interconnected world

Core

1. Combinatorial Optimization 6 EC
2. Optimization under Uncertainty 6 EC
3. Operations Research Case Study 6 EC
5. Thesis 18 EC

Supply Chain Management

Choose at least 2 courses

- Transport Economics 6 EC
- Geographical Information Systems 6 EC
- Supply Chain Execution (not in 2018-2019) 6 EC
- Operation and Supply Chain Management 6 EC

Elective

Choose 1 course from a general list in study guide

Last update: 09-07-2018
MASTER Economics - Course Schedule 2018-2019

ECONOMICS

Solving the challenges of tomorrow

Core

Programme in International and Macroeconomic Policy

Programme in Development Economics

Programme in Global Challenges

Programme in Labour and Health

Choose three electives
For a specialization combine two courses from one programme and write your thesis within this field

Other electives: Human Development (6 EC); Industrial Organization and Competition Policy (6 EC); Macro and International Finance (6 EC); Time Series Models (6 EC); and Urban Economic Challenges and Policies (6 EC)
PUBLIC POLICY
Designing policy to deal with great societal challenges

Core

1. Microeconomics and Methods
2. Economics of Environmental Policy
   Instrument Design
3. Public Economics and Policy
   Economics of the Welfare State
4. Policy Seminars and Policy Brief
5. Globalization, Growth, and Development
   Urban Economic Challenges and Policies
6. Thesis

6 EC 6 EC 6 EC 6 EC 6 EC 18 EC
Can you compute the price of Google?
Quantitative Risk Management (Duisenberg Honours Programme)

How do you manage risk?

Core

1. Asset Pricing
   - 6 EC
2. Financial Markets and Institutions
   - 6 EC
   - 6 EC
4. Stochastic Processes for Finance and Derivatives Markets
   - 6 EC
5. Econometrics for Quantitative Risk Management
   - 6 EC

Electives

1. Research project
   - 6 EC
2. Institutional Investments and Asset Liability Management
   - 6 EC
3. Credit, Complexity and System Risk
   - 6 EC
4. Master Thesis
   - 18 EC
5. Choose 2 courses
6. Macro and International Finance
   - 6 EC
7. Time Series Models
   - 6 EC
8. Behavioral Finance
   - 6 EC
9. Financial Sector Regulation
   - 6 EC
10. Data Mining Techniques
    - 6 EC

Last update: 15-06-2018
MASTER Marketing - Course Schedule 2018-2019

MARKETING
Prove yourself where it matters

Core

- Marketing Strategy 6 EC
- Consumer Marketing 6 EC
- Customer and Marketing Analytics 6 EC
- Managerial Integration Project 6 EC

Electives I, Electives II

- Retail Management and E-Commerce 6 EC
- Digital Marketing 6 EC
- International Product Management 6 EC
- Branding and Advertising 6 EC

Choose 1 out of 2 options

- Survey Research in Cross-Cultural Context 6 EC
- Experimental Research 6 EC
- Big Data Analytics Using Geographic Information Systems 6 EC

Electives III

Choose 1 out of 3 options

- Thesis* 18 EC

* Combination with internship at organization is recommended

Version: 19-01-2018
ENVIROMENTAL ECONOMICS

Understanding the economic and spatial aspects of the great societal challenges in managing local and global environments, natural resources and the transition from fossil fuels to renewable energy.

- **Core**
  - Applied Econometrics for Urban, Transport and Environmental Economics 6 EC
  - Micro Economics for Urban, Transport and Environmental Economics 6 EC
  - Economics of Climate Change 6 EC
  - Research project 6 EC
  - Environmental Economics 6 EC

- **Recommended electives**
  - Transport Economics 6 EC
  - Economics of Environmental Policy Instrument Design 6 EC
  - Geographical Information Systems 6 EC
  - Regional and Urban Economics 6 EC
  - Choose 2 courses *

- **Other electives**
  - Master Thesis 18 EC
  - Internship 0 EC
  - Empirical Transport Economics 6 EC
  - Urban Economic Challenges and Policies 6 EC

* You may also choose one course from another specialization within the master Spatial, Transport and Environmental Economics.
