Transitional Arrangements MSc Finance

In September 2017 the curriculum of the MSc Finance will partly change. The Faculty Board has, in accordance with the Exam regulations and in consultation with the Programme Directors, Examination Board and the Joint Meeting, made these transitional arrangements for students who did not pass one or more courses from the list below.

1. Financial Markets and Institutions: This course will be offered in period 2 instead of period 4. Students missing that course can follow the new course in period 2.
2. Electives: All electives are taught in period 4. If you miss one or more electives you can follow one of the new electives from the list below. One optional course may be chosen from one of the faculty's other master programmes (with the exception of the courses Advanced Corporate Financial Management, Corporate Financial Decision Making and Financial System Design from the Master Business Administration), or - after approval of the examination board – a master's course taught outside the faculty.

New Schedule

<table>
<thead>
<tr>
